ABOUT ME

"My name is Arya Khaligh, and I'm currently looking for a job in programming teams to improve my skills . I ranked in 0.9% among more than 180,000 participators in Nation-wide University Entrance Exam among all Iranian Students of Math. & Physics in Sep, 2016. I was admitted to Amirkabir University of Technology (Tehran Polytechnic) in civil engineering and I fell in love with Computer Engineering so I changed my field of study to Computer Engineering in the second semester .
